Dated: 07/09/2024

To

The Director General Higher Education, Haryana,
Shiksha Sadan, Sector-5,
Panchkula.

Subject: Request to activate/enable course/subject grouping and subject change option for GC Goriwala (SRS008).

Respected Sir,

In the context of the subject cited above it is humbly stated that we are implementing NEP 2020 with the commencement of this session as per the direction of DHE Panchkula Haryana and due instructions given by the concerned university. We provided different subjects grouping options for our students but due to the non-availability of the teachers we are not in a position to offer same subjects to our students. At present only one teaching faculty (English) is available for the last three days in a week on deputation basis. Recently local/temporary adjustment at DHEO level also got cancelled resulting in so many problems at the end of students and the college. Keeping in view the present situation in this college your good-self is requested to activate/enable course/subject grouping and subject change option for G C Goriwala (SRS008) so that we can offer only those subjects which can be managed at our end and the college administration and other higher authorities may not face problem in future in this regard.

Thanking you in anticipation.

Principal
G.C., Goriwala
